WHY:

Ryan Almeter
November 6, 1981 - June 10, 2016
This tournament is organized in memory of Ryan Almeter, a beloved math teacher at Keshequa. He was passionate about teaching and his students all loved him for it. He loved to tell people how he planned to retire from Keshequa and that he wanted to make it the best school it could be. And that wasn't just talk. He certainly did his part to make it great. He ran both the chess club and coached the chess team
Mr. Almeter was tragically killed while crewing for Balloons Over Letchworth on Friday, June 10, 2016. While he is no longer with us physically, Mr. Almeter is still a huge part of our lives. We remember the lessons he taught us, his not as funny as he thought they were jokes like "Do it right meow" and "I'm not kitten", and his passion for teaching. We were all lucky to have had the opportunity to know him.
